

Curriculum Vitae

Personal Information :

Dr. Hendrik Pieter **Delpport** MD.

Date of birth: August,10, 1953 in Kinsjasa, Republic of Congo.

Nationality : Belgian.

Address : Jagersdreef, 12 B-9100 Sint Niklaas, Belgium.

Tel.nr.: 0032(0)3.778.04.70

Mobile nr.: 0032(0)495.218.309

Marital status: Married to Sonja Moortgat.

Children : Ineke : dentist specialised in restorative dentistry

Filip : bio-engineer and PhD in nanotechnology

Anneleen : master in sports sciences and nutritionist.

E-mail : hendrik.delpport@telenet.be

Hendrik.delpport@ortho-expert.be

Web : www.ortho-expert.be

Education :

Primary school and college :

Sint-Pieterscollege, Leuven,Belgium

Latin and Sciences June 1971, with distinction.

Higher education :

University of Leuven, Belgium.

Doctor in Medicine (M.D.) June 1978 with distinction.

Post-graduate training in Orthopaedic Surgery : 1978-1983

Anatomy : Andreas Vesalius Anatomic Institute Leuven with Prof.Dr.G.Vanderschueren.

Basic Research in orthopaedics : Research fellow in Orthopaedic Biochemistry with Prof.
W.De Loecker (electrobiology of bone)

Neurophysiology at University of Leuven.

Orthopaedics AZ Pellenberg, Traumatology at AZ St Raphael and AZ Gasthuisberg, Leuven
University of Leuven, Belgium. Dept of Orthopaedics Prof Dr.J.C.Mulier.

Septic Orthopaedics with Dr J. Stuyck.

Orthopaedics at the University of British Columbia, Canada. Dept of Orthopaedics Prof Dr
F.P.Patterson at Royal Colombian Hospital, New Westminster, Canada and at the
Vancouver General Hospital ,Vancouver, Canada.

1978-1979 : Orthopaedics at the Orthopaedic Hospital Pellenberg and Academic

- Hospital St Raphael ,Leuven with Prof Dr J.C. Mulier.
 Andreas Vesalius Anatomic Institute Leuven with Prof.Dr.G.Vanderschueren.
- 1979-1980 :** Royal Colombian Hospital, New Westminster, Canada with Dr.Outerbridge (classification of chondral laesions), Dr D. Harder, Dr M.Piper, Dr Loomer and Dr Davidson.
 Children's Hospital Vancouver, with Dr M. Bell, Dr S.Tredwell and Dr. Beauchamp
 Vancouver General Hospital with Prof Patterson, Prof Morton, Prof McGraw, Prof Clive Duncan, Dr Bob Meek and Dr Brian Day.
- 1980-1981 :** Orthopaedics at University of Leuven.
 Neurophysiology at University of Leuven.
- 1981-1982 :** Orthopaedics AZ Pellenberg.
 Research fellow in Orthopedic Biochemistry with Prof W.De Loecker.
- 1982-1983 :** Orthopaedics AZ St Raphael and AZ Gasthuisberg, Leuven
 Septic Orthopaedics with Dr J. Stuyck.
 Basic Research in Orthopedics(electrobiology of bone)

August 1978 Educational Council for Foreign Medical Graduates exam (ECFMG) : 85 %
 Orthopaedic In-Training Examination O.I.T.E. (AAOS) : 80%.
 1993 Master in Medico-Legal Medicine or Licentiaat in de Verzekeringsgeneeskunde.(University of Leuven)

Teaching experience :

Stagemeester Orthopaedie en Traumatologie (> 30 residents and fellows)
 Lecturer for post-graduate education in orthopaedics : basic bone pathology, hip and osteoporosis.(Master-after-Master program of KU Leuven).
 Many presentations on national and international meetings, workshops and live surgery (see list)

Subspecialisation : Total hip and Total knee arthroplasty, primary and revision of complex cases. Hip Resurfacing, Knee-arthroscopy, **Medico-legal expertise**, Traumatology : Laesions and fractures of the hip. Difficult pseudarthrosis.

New developments : Initiator of the hip resurfacing for younger patients in Belgium (> 1000 cases) since 1998 and ReCap (Biomet Resurfacing) instructor at Univ. of Vienna Austria.
 Designer of the Performance PS Rotating TKP. (PS-MB) concept, idea, wear test, trial implantation, feasibility study, first implantation and follow-up study.
 Evaluator of new instruments for hip and knee, primary and revision.
 Initiator of MIS for THP and TKP (instructor at University of Vienna and Alicante).
 Use of navigation in orthopaedics (brainlab).
 Biologic approach to orthopaedics : PEMF, OP-1 and GPS.
 Custom made implants (Mobelife)
 Basic Tissue Engineering research (Prometheus)

Orthopaedic Practice:

- Orthopaedic surgeon and Consultant in Orthopaedics & Traumatology since 1983.
- Consultant at University of Leuven from 1983-86.

- Since 1986 partner with Dr P.Vanderstichelen in Sint Niklaas. Later association with Dr J Hens(1989), Dr B Zachee (1995), Dr K De Mulder (2000) and Dr J De Schepper (2003). Fusion with another orthopaedic Group in 2008 and director of the Care to Move Orthopaedic Group with 10 consultant orthopaedic surgeons until 2010.

Since 2011 : preparing PhD at University of Leuven “The Surgical Tolerance Factor” with Prof J Bellemans and Prof J Van der Sloten. Research fellow at the University. Consultant for Translational Science.

Medico-legal Expertise

All official mailings should be send to : Jagersdreef, 12 B-9100 Sint Niklaas, Belgium

Office 1: August De Boeckstraat,1 bus 8 , 9100 Sint Niklaas. Tel 0032(0)3.369 02 90 and 0032(0) 495 218 309

Presentations :

Many national and international presentations on meetings, congresses and invited lectures. (see additional list)

Membership :

- BVOT. Belgische Vereniging voor Orthopedie en Traumatologie.Member of the Board. (Belgian Association of Orthopaedics and Traumatology)
- ABA Belgian Arthroscopy Association.
- ESKA European Society of Knee Surgery and Arthroscopy.
- Founding Member of the Belgian Knee Society and member of the board.
- Member of the PEEK study group.
- Member of the Performance User’s Group.
- International Member of American Academy of Orthopaedic Surgeons.
- Boardmember of SMAC Waasland from 1989 to 2002.
- Member of Panathlon Vlaanderen. (service club)
- Member of Biomet MI Hip and Knee Teaching group Europe.
- Member of the ReCap world Steering Group.
- Member of Rotary Club Waasmunster-Durmeland (service club).
- Visiting Guest Professor University of Hefei Hospital n°1 (Republic of China)
- Member of the International Vanguard RP design group
- Founding member of the International Hip Resurfacing Society IHRS
- Member of the Smith & Nephew R3 study group

Languages :

Dutch, English and French, understanding of German and Spanish.
